

Regional Representative Candidate Statement: Region 6
Nathaniel Amdur-Clark

Membership of the National Native American Law Students Association,

My name is Nathaniel (Tanner) Amdur-Clark. I am an enrolled member of the Citizen Potawatomi Nation. As a joint degree candidate in law and public policy at Harvard Law School and the Harvard Kennedy School, my academic interest is the legal puzzle of building successful collaborative and cooperative relationships between Federal, State and Tribal governments. However, the path through law school and into the practice of law is so much more than academic interest.

Native American student organizations have been second homes to me ever since I left for college; Law School is no different. My NALSA chapter, no matter how small, contains friends and advisors without whom the already messy process of 1L year would have been so much worse, and I look forward to their continued support going forward. Luckily, I know that my experience is far from unique, and NALSA chapters provide crucial support to Native law students across the country.

It is with this knowledge that I ask for your support in giving me the opportunity to work to support NALSA at the national level as Region 6 Rep. As Region 6 Rep, my primary goal would be to maintain and strengthen communication between National NALSA and the individual chapters and members. Just as important, however, is my commitment to advocating on behalf of those members and chapters so that the unique situation of Native law students in the Northeast is given voice nationally. Additionally, I will prioritize recruitment, and do all I can to support and publicize the Moot Court and Writing Competitions.

With Sincerest Thanks,

Tanner Amdur-Clark
